RG27

The original self-propelled, backyard stump cutter that professionals have relied on since 1986. Today, to maximise visibility while cutting, the RG27 drivetrain is located on the far side of the cutter wheel. Rayco's exclusive, swing-out control station gives operators the best view while cutting and swings in-line with the machine for travel through gates. Wide, floatation tires with bar tread give the RG27 a firm grip on the terrain, dual wheels can be added for extra stability. Rayco's exclusive slewing ring pivot design lowers the centre of gravity and lets it cut at maximum depth across the whole swing path.

Specifications RG27

Weight	803kg
Length	290cm
Height	132cm
Width	89cm
Engine	27hp Vanguard
Ground Drive	Single Speed
Fuel Tank	24.6L
Super Tooth®	18 total
Cutter Wheel	43.82cm x 3cm
Cutting Depth	30cm
Cutting Height	62.2cm
Cutting Width	130cm

Features

- Slewing ring pivot design
- Maintains full cutting depth across entire width of cut
- Lower centre of gravity
- Wide tyres for enhanced traction and floatation
