RG40 STUMP GRINDER

With petrol engine power of 40hp this self-propelled stump cutter is what professionals have relied on for years. The drivetrain is located on the far side of the cutter wheel to maximise visibility while cutting. Rayco's exclusive, swing-out control station gives operators the best view while cutting and swings in-line with the machine for travel through gates. Wide, floatation tyres give a firm grip, dual wheels can be added for extra stability. Exclusive slewing ring pivot design lowers the centre of gravity and lets the RG40 cut at maximum depth across the whole swing path.

Specifications RG40

Weight	831kg
Length	290cm
Maximum height	132cm
Width	89cm
Engine	40hp Subaru
Ground Drive	2-Speed Hydraulic
Fuel Tank	24.6L
Super Tooth®	18 total
Cutter Wheel	43.82cm x 3cm
Cutting Depth	30cm
Cutting Height	62.2cm
Cutting Width	130cm

Features

- Slewing ring pivot design increases cutting width
- Full cutting depth across entire width of cut
- Lower centre of gravity
- Wide tyres for enhanced traction and floatation
- Swing-out operator station for better visibility
- Controls swing in-line for travel through gates
- Petrol engines with heavy duty air filter
- Subaru 40 hp
- Centrifugal precleaner
- Hydraulic backfill blade
- Two speed ground travel
- Optional dual rear wheels & Command Cut
- 4-Wheel drive standard
