WOOD CHIPPER

STRONG ■ COMPACT ■ VERSATILE

## Power

Powered by a 13hp Briggs & Stratton engine, the Angry Ant chipper will easily handle brushy material, wood off-cuts and other vegetation material up to 100mm (4 inches).

## Operation

The Angry Ant 4" is a disc-type chipper that gets the job done. The self-feeding cutting action makes works a breeze while the belt-drive operation provides smooth running throughout.

## Versatility

Due to its compact design, weighing in at 460 kg the Angry Ant 4 inch is light and easy to move around and is fitted with a 50mm ball. It will enter confined spaces without difficulty and the 360-degree rotating chute allows the operator to change the discharge direction easily.

## Easy Maintenance

As productivity was a major factor with the designers, the machine has been manufactured with easy access to the knives for quick servicing and less down time.

## Exceptional Value

Very competitively priced, this chipper could be yours at only \$5,900 plus GST. All spare parts are stocked at Global Machinery Sales, and the chipper comes with a massive 12 month warranty. Call us now on 1300 072 926 to get yours.
