RC1522G

The 15" (38.1cm) capacity RC1522 chipper is an economical solution for daily chipping needs, offering an excellent combination of chipping power, large feed opening, and easy maintenance. At the heart of the machine is a 130 hp petrol engine powering a 30-inch (76.2cm) diameter x 22-inch (55.9cm) wide, 4-knife chipper drum. The feed system utilises a 20-inch (50.8cm) diameter feed wheel with planetary drive motor to pull in stubborn brush and limbs. The chipper's throat is a full 15-inches (38.1cm) high x 22-inches (55.9cm) wide straight through to the drum, with no neck-downs behind the feed wheel. Rayco's exclusive X-Charge discharge system utilises an outboard fan system to provide extra discharge velocity and reduce plugging. The clutchless PTO drive eliminates traditional clutches and reduces maintenance, while an easy-open belt guard allows access without tools.

Specifications RC1522G

Weight	3,000kg
Length	457.2cm
Height	274.3cm
Width	200cm
Engine	130hp 97KW GM
Fuel Tank	87L
Chipping Capacity	38.1cm
In-feed opening	38.1cm x 57.1cm
Intake Rate	32m/min
Discharge Height	274.3cm
Rotation	360°
Feed Wheel Diameter	20" (50.8cm)

Features

- Powerful 130hp GM Petrol Engine
- Planetary Feed Wheel Drive Motor
- Hydraulic Feed Wheel Lift and Crush
- Touch and Go Downpressure System
- Clutchless PTO
- Versa-Feed Automatic Feed Control
- X-Charge Discharge System
- Folding Infeed Table
- Easily Removable Belt Guard Door
- 360° Hydraulic chute
- Hydraulic winch

Available with a 360° hydraulic chute and hydraulic winch.
